Container Number	Verification Signature (authorized person)	Verification Date	Verified Gross Mass
			[Kg]

The verification of the gross mass can be achieved by either of two methods:

Method used (please select)		
Method 1		Weighing the packed container using calibrated and certified equipment (please enclose weigh receipt). Serial Number - 4218
Method 2		Weighing all packages and cargo items, including the mass of pallets, dunnage and other securing material to be packed in the container and adding the tare mass of the container to the sum of the single masses, using a certified method approved by the competent authority of the State in which packing of the container was completed.

If method 2 was selected, please fill in the table below:

Cargo/packing material/ dunnage/tare weight	Verified Mass
